

# FIBER LASER MARKING MACHINE

## > No Consumables, Long lifespan Maintenance Free

The Fiber laser source has super long lifespan of over 100,000 hours without any maintenance. No need to spare any extra consumer parts at all. Suppose you will work for 8 hours per day, 5 days a week, A fiber laser could work properly for you for more than 8-10 years without extra costs except electricity.

## > Multi-functional

It could Mark/Code/Engrave un-removable serials Numbers, batch Numbers, Expiry info, Best Before date, logo & any Characters that you want. It could also mark QR code.

## > Simple Operation, Easy to use

Our patent software supports almost all common formats, The operator does not have to understand programming, Just simply set a few parameters and click start.

## > High Speed Laser Marking

The laser marking speed is very fast, 3-5 times than the traditional marking machine.

## > Optional rotary axis for different cylindrical

Optional rotary axis can be used to mark on different cylindrical, spherical objects. The stepper motor is used for digital control, and the speed can be automatically controlled by computer, which is more convenient, simple, safe and stable.

# PARAMETER

**FOSTER**Reliable professional  
Laser equipment supplier!

Laser Type	Fiber Laser Marking Machine
Working area	110*110/150*150/200*200/300*300(mm)
Laser power	10W/20W/30W/50W
Laser wavelength	1064nm
Beam quality	$m^2 < 1.5$
Application	metal and partial nonmetal
Marking Speed	7000 mm/second
Repeated Precision	$\pm 0.003$ mm
Working voltage	220V / or 110V (+-10%)
Cooling Mode	Air Cooling
Supported graphic formats	AI, BMP, DST, DWG, DXF, DXP, LAS, PLT
Controlling software	EZCAD
Working temperature	15°C-45°C
Optional parts	Rotary Device, Lift platform, other customized Automation
Warranty	2 year
Package	Plywood

# APPLICATION **FOSTER**

Reliable professional  
Laser equipment supplier!

Fiber laser marking machine can work with most metal marking applications, such as Gold, Silver, Stainless Steel, Brass, Aluminium, Steel, Iron etc. and can also mark on many non-metal materials, such as ABS, Nylon, PES, PVC, Makrolon.

# DETAILS

**FOSTER**

Reliable professional  
Laser equipment supplier!

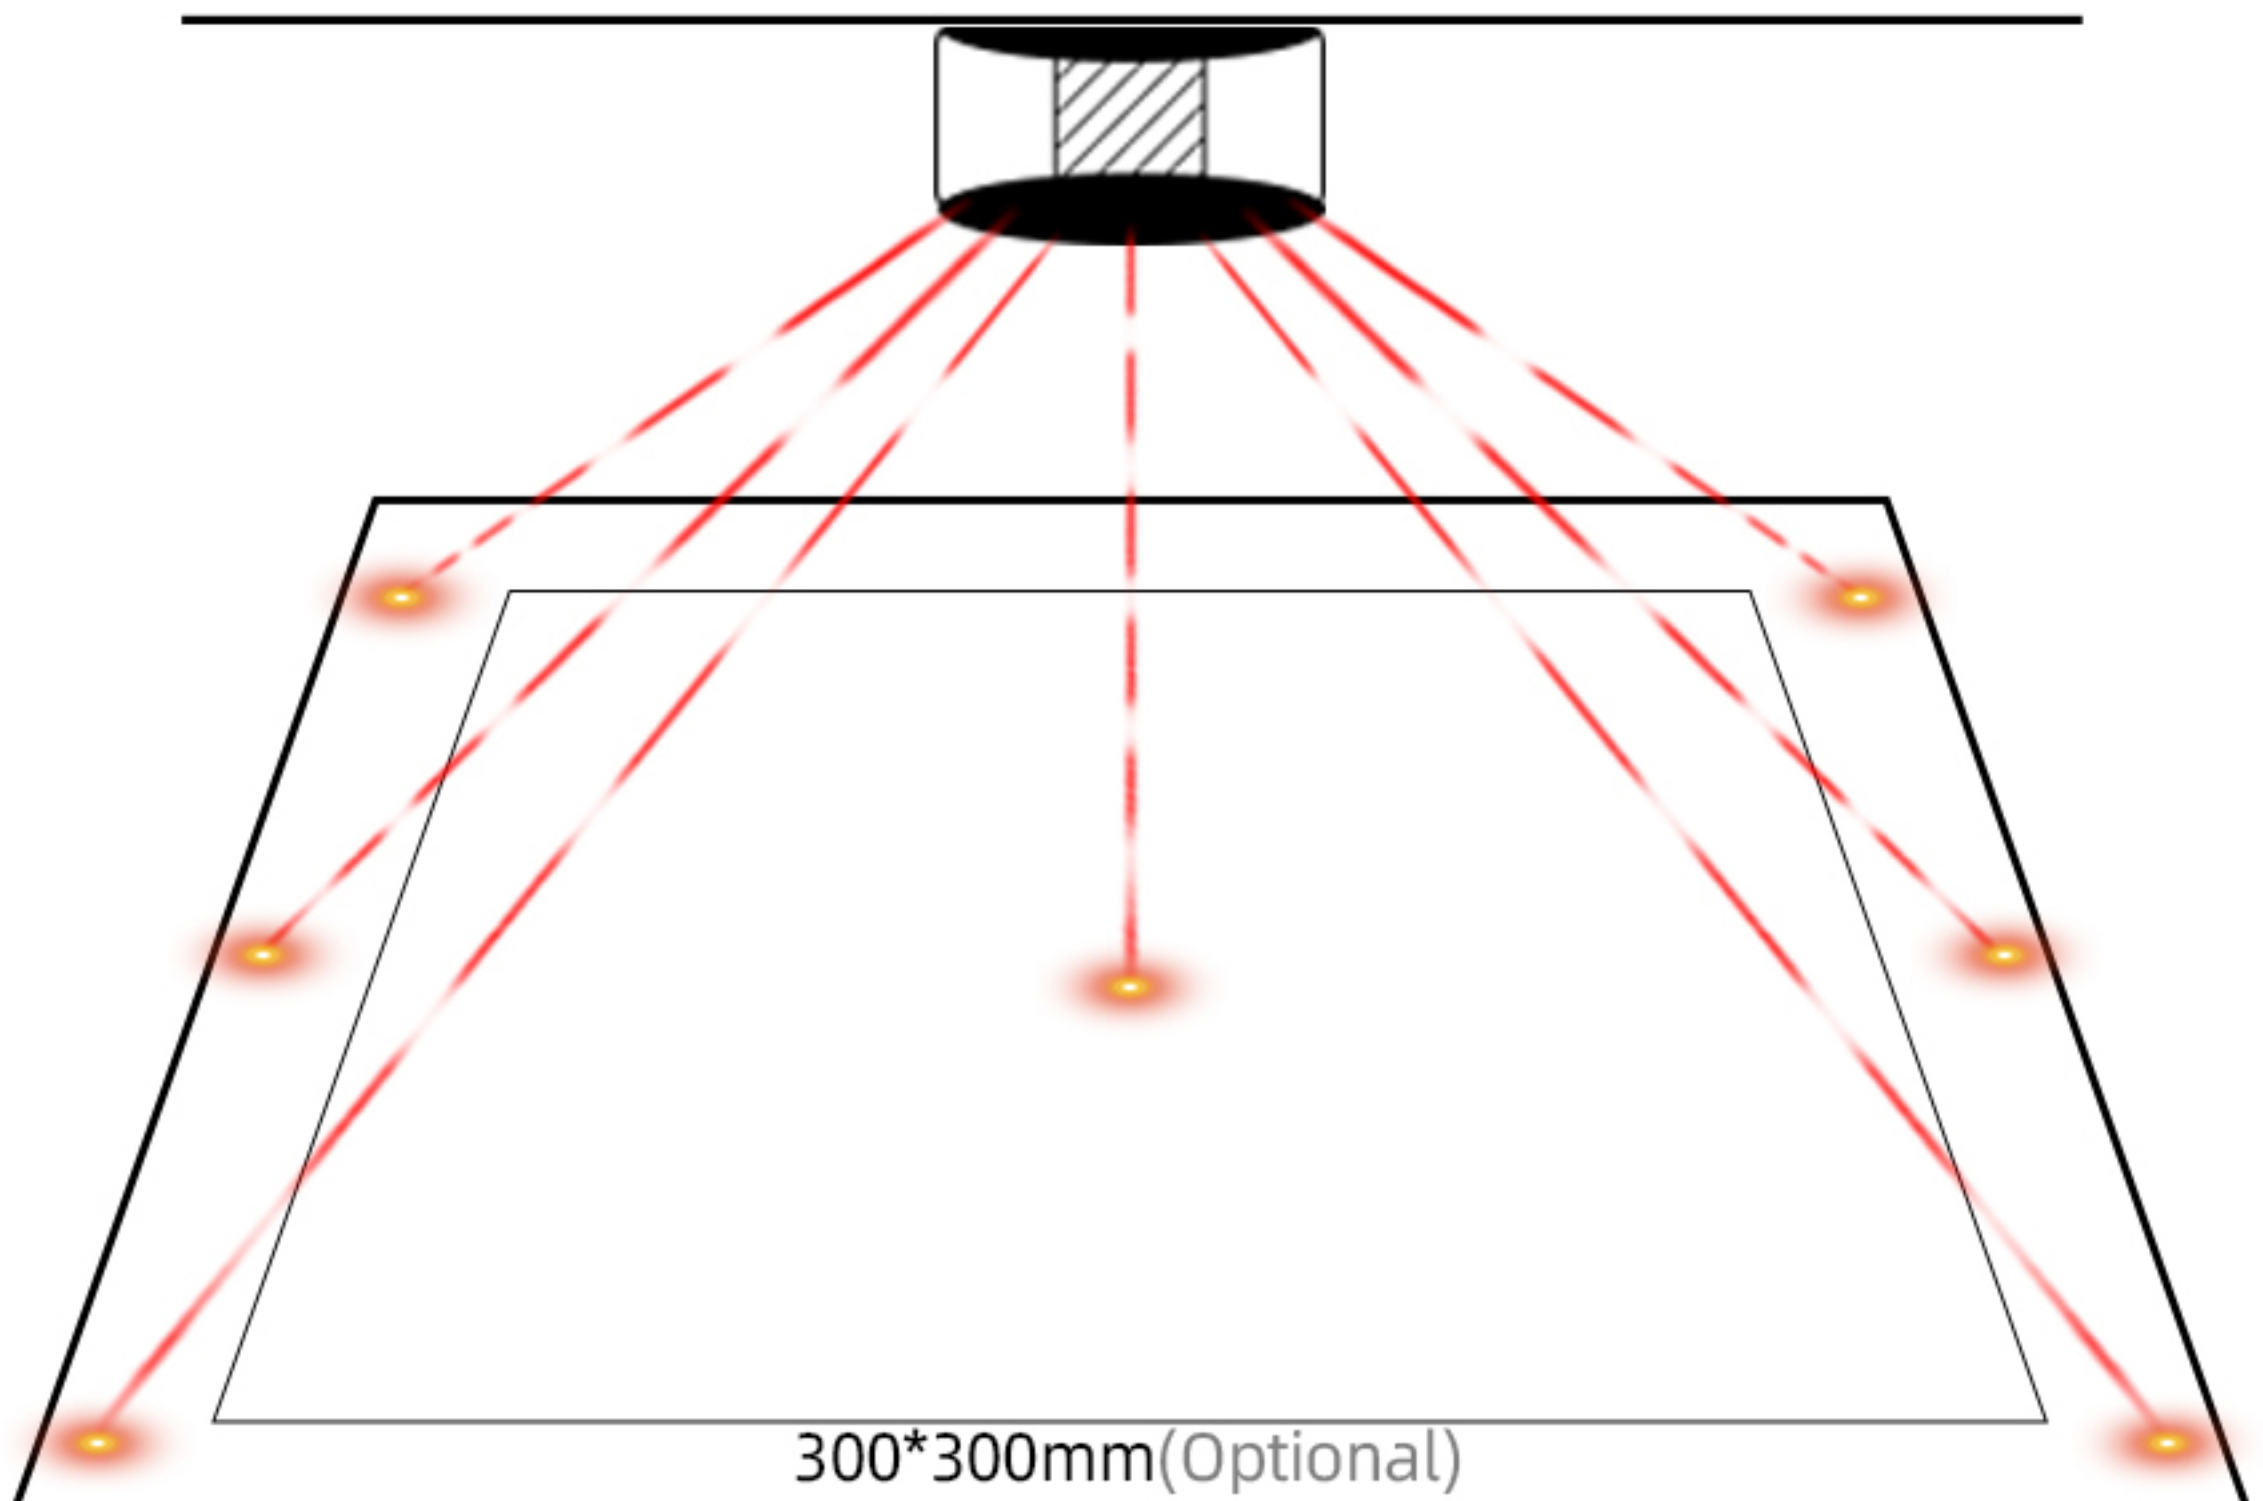

## »» FIELD LENS

We use famous brand to provides precision laser. Standard 110 x 110mm marking area. Optional 150x150mm , 200 x200mm,300x300mm etc.

## »» GALVO HEAD

Famous brand Sino-galvo, high speed galvanometer scan adopting SCANLAB technology, digital signal, high precision and Speed.

## » LASER SOURCE

We use Chinese famous brand Max laser source. Optional: IPG / JPT / Raycus laser source.

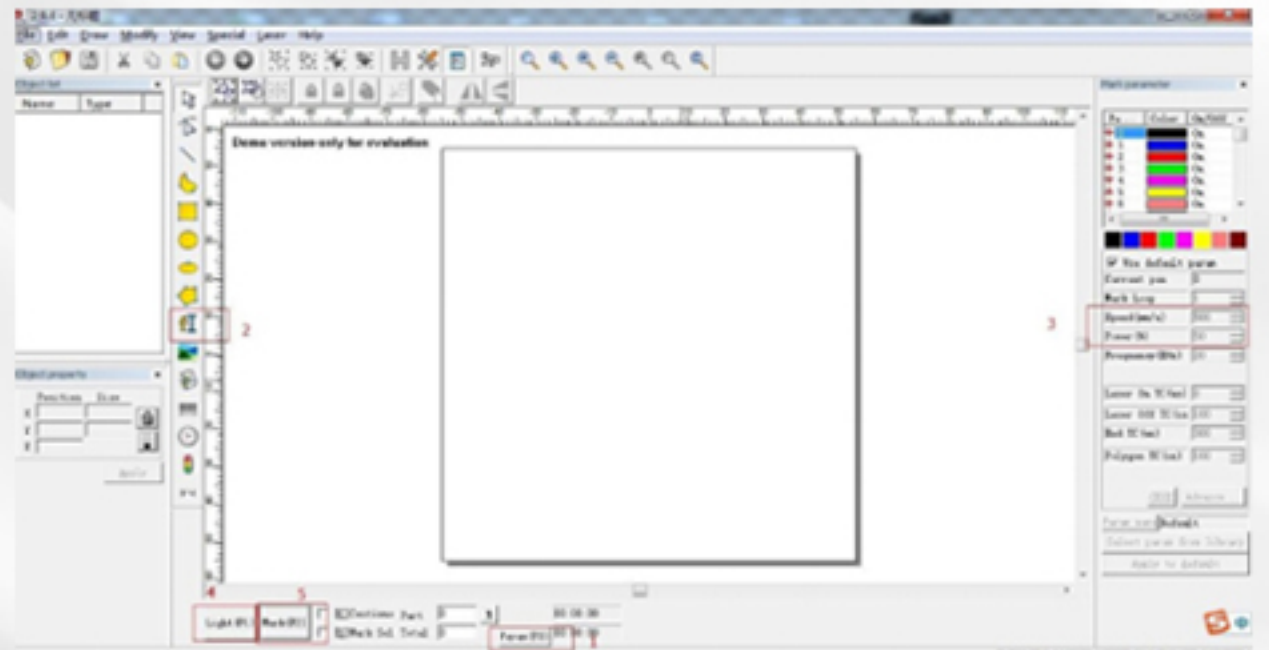

## » JCZ CONTROL BOARD

Ezcad genuine products, user-friendly interface, functional diversity, high stability, high precision.

Each board has its own number to ensure that it can be inquired in the original factory. Refuse to fake.

## » THE CONTROL SOFTWARE

1. Powerful editing function.
2. Friendly interface.
3. Easy to use.
4. Support Microsoft Windows XP, VISTA, Win7, Win10 system.
5. Support ai, dxf, dst, plt, bmp, jpg, gif, tga, png, tif and other file formats.
6. Support for TrueType fonts, single line fonts (JSF), SHX fonts, dot matrix fonts (DMF), 1D bar codes and 2D bar codes. Flexible variable text processing, changing text in real time during processing, can directly read and write text files, SQL databases and Excel file.

## » DOUBLE RED LIGHT POINTER (OPTIONAL)

When two red light coincides best focus. Double red light pointer help customers make focus quickly and easily.

## » RED LIGHT PREVIEW

Adopt Red light preview to show the laser path since laser beam is invisible.

## » MARKING RULER AND ROTATING HANDLE

Enables customers to precisely position for fast engraving.  
Adapting To Different Products Height

**FST**  
Laser equipment  
福斯特

## »» WORKING PLATFORM

Alumina working platform and imported precise beeline device. Flexibility mesa have multiple screw holes, convenient and custom installation, special fixture industry platform.

## »» FOOT SWITCH

It can control the laser on and off. make the operate more convenient.

## »» GOGGLES (OPTIONAL)

Can protect eyes from laser wave 1064nm, let the operate more safe.

## » ROTATION AXIS AND PLATFORMS (OPTIONAL)

ROTARY CHUCK

2D / 3D TABLE AND EXTENDED PLATFORM

# DELIVER GOODS

**FOSTER**

Reliable professional  
Laser equipment supplier!

Protective oil processing

Wrapping with  
protective film

20W fiber laser marking machine

★★★★★

Honest and good seller.  
Sent everything on time  
(even considering the gl  
obal epidemic at the ti  
me of my order). The m  
achine came well packe  
d. Nothing is damaged,  
everything works, the ki  
t is complete, exactly w  
hat we agreed on. So all  
is well, I am completely  
satisfied. Thanks!

# Our certificate

Foster Laser Technology Co., Ltd.

# Company and Factory

Liaocheng Foster Laser Science&Technology Co.,Ltd is a professional manufacturer of laser engraving machine,laser cutting machine,laser marking machine for 12years .Since 2004, Foster Laser focused on the development and production of various types of laser engraving/cutting/marking machine with the advanced management,strong research strength and steady globalization strategy, Foster Laser establish more perfect product sales and service system in China and around the world, make the world's brand in laser industry.

Our target is "scientific management, high quality, high reputation and takes continuous development as our policy, regards customers as our center, double win with our customers", and we adhere to our tenet of "take the market demand as the guide, continue to take innovation and make improvement". We will try our best to provide the high quality products and perfect service for clients.

Furthermore,we pay much attention to after-sales service. Good service and good quality is same important for Foster Laser will follow the spirit "Credibility and Integrity", try best to provide customer more super product and better service.

Foster Laser--reliable professional Laser equipment supplier!

Welcome to cooperate with us and achieve win-win!
